

Choose your level

Choose the level of IT partnership that matches your business. Whether you need reliable **day-to-day support**, stronger **security assurance**, or practical help with **AI and automation**, Cubit helps your team stay available, secure and productive.

LEVEL 1

AVAILABLE

"We need reliable IT and essential security"

Dependable IT without overcomplicating things.
Fewer interruptions, basics properly managed.

LEVEL 2

SECURE

"We carry more risk, need stronger assurance"

Where security and compliance matter more.
Clearer risk visibility, defensible position.

LEVEL 3

PRODUCTIVE

"We want tech to improve how we work"

Technology that improves how work gets done. AI adopted safely and practically.
